Subject -Appointment of a dressing boy to the Municipal
Indigenous Hospital

I have the honour to state that the average attendance of patients in the Hospital is about 250 and it is felt difficult to attend to them with the existing staff consisting of one compounder and two peons, as both the peons will be engaged in preparing medicines which has to be in the Hospital and in the Allopathic Dispensaries. The compounder will not be able to attend to both to the compounding work as also cases of dressing etc.

The Health Officer therefore recommended the appointment of a dressing boy on Rs 20/- in grade 20-1-30 and also another peon to prepare medicines to meet the demands for medicine and to keep watch in the dispensary.

The Managing Committee before whom the subject came up for consideration recommended that a dressing boy on Rs 15/- plus Rs 12/-DA may be sanctioned. The Council also duly approved of the proposal at their meeting held on 29-6-48.

In enclosing the copies of the two resolutions of the Managing Committee and Council. I request you kindly to obtain sanction of the Government. Due provision is made under E3 C for the increased expenditure.

Sir,

Subject - Appointment of a Dressing Boy to the Municipal
Indigenous Hospital at Mysore

With reference to your letter No L 1489 dated 12-8-1948 on the above subject, I have the honour to state that the Institution in question was started in Mysore City as long back as 1917 and it has been working satisfactorily ever since. There is a duly qualified Physician in charge of the Dispensary as also a compounder duly qualified to treat the patients. The medicines for the Hospital are being prepared under the direct supervision of the Physician in the Hospital alone as otherwise the medicines would cost 50% more than what actually is being incurred at present. The attendance to the Hospital is as large as 250 per day and either the Physician or the compounder will not be in a position to attend to these cases satisfactorily in the absence of sufficient staff.

The necessity for the appointment of a Dressing Boy was felt keenly in view of the fact that of late the Hospital has become very popular and enlarged into several sections of compounding, dressing etc. The Ayurvedic Pandit in charge has got a special treatment for scabbis etc. and this has become very popular and attractive as a result of good number of people having ~~skin~~ scabbing itches are receiving treatment for which the services of a dressing boy is felt highly desirable. In these circumstances, request you kindly to obtain very early orders of Government sanctioning the appointment with effect from 1-7-1948 as the
